Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body..He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses..Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..And so Agnes went alone to her bedroom and there, as on so many nights, sought the solace of the rock who was also her lamp, of the lamp who was also her high fortress, of the fortress who was also her shepherd. She asked for mercy, and if mercy was not to be granted, she asked for the wisdom to understand the purpose of her sweet boy's suffering..Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning..His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to

his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain. On Thursday, December 28, employing forged driver's licenses and social-security cards as identification, Junior opened small savings accounts and also rented safe-deposit boxes for Pinchbeck and Gammoner at different banks with which he'd never previously done business, using the mailing addresses that he'd established earlier. Sitting up in bed, he passed a little time reading favorite, marked passages in Zedd's *You Are the World*. The book presented a brilliant argument that selfishness was the most misunderstood, moral, rational, and courageous of all human motivations. Snapping the cylinder into place, he rose to his feet. Already he had a new plan, and the cop's revolver was the most important tool that he required to implement it. Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations. "Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it." The fire department. The firemen could come without sirens, quietly with their ladders, so as not to break Barty's concentration. THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name. Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." With the second shot, the dead woman tumbled out of her chair, and the chair clattered onto its side. Not all of the pins were knocked to the shear line with a single pull of the trigger. Three pulls were the minimum required, sometimes as many as six, depending on the lock. The three adults exclaimed at the disappearance of the quarter, applauded again, and looked knowingly at Tom's hands, which had closed at the sudden conclusion of all the flourishes. At 3:22 in the morning, December 13, following a busy day of conducting ghost research, seeking Bartholomews in a telephone book, and working on his needlepoint, Junior awakened to singing. A single voice. No instrumental accompaniment. A woman. He hurried the length of the diner, pushing past waitresses, checking out all three of the possibilities, but of course, none of them was the dead detective--or anyone else Junior had ever seen before. He was looking for--what?--a ghost, but vengeful ghosts didn't sit down to a meat-loaf lunch in the middle of a hauntin. These kids were the same age, yet listening to them was akin to hearing Angel do her charming shtick with an adult who had a lot of patience, a sense of humor, and an awareness of generational ironies. In the glamorous cocktail lounge of this elegant hotel, Junior was necessarily forced to use other of Zedd's techniques--and more brandy--to liberate from his subconscious the name of the caller on the Ansaphone. Max. The caller had said, It's Max. What he learned working with his father and uncle in the shipyard he could use, at least; and he was becoming a good craftsman, even his father would admit that. FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet. Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-. This is a tale of those times. Some of it is taken from the *Book of the Dark*, and some comes from *Havnor*, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there. In the six weeks since conception, she must have missed at least one menstrual period. She hadn't complained of morning sickness, but surely she'd experienced it. It was highly unlikely that she'd been unaware of her condition. "Wrong about what, sugarpie smooosh--smooosh?" Celestina asked as Wally pulled to the curb again and parked. This back blow wasn't just sport, either, but more like Vietnam as lie sometimes told women that he remembered it. As though pitched by a grenade blast, Junior went from his feet to the floor with chin-rapping impact, teeth guillotining together so hard that he would have severed his tongue if it had been between them. In a pocket of his smock was his letter to Reverend Harrison White. He hadn't sealed the envelope, because he intended to read to Perri, his wife, what he'd written, and include any corrections she suggested. In this, as in all things, Paul valued her opinion. The afternoon was winding down, and the lowering sky seemed to be drawn steadily toward the earth by threads of gray light that reeled westward, ever faster, over the horizon's spool. The air smelled like rain waiting to happen. So. Two monks they were: one in the service of everlasting light, the other in the service of eternal darkness. On the two-chair bed beside her mother, Angel issued small cries of distress in her sleep. Whatever presences flocked around her in the dream, they weren't baby chickens.
